Similar to our Semiahmoo Grand Ballroom, the San Juan Ballroom boasts distinguished functionality and flexibility. This ballroom can be broken down into four separate sections, each with 720 square feet of open space. It includes a peaceful, enclosed courtyard and a 1,400 square foot pre-function space for added versatility. With its classic, yet neutral decor, the San Juan Ballroom provides an ideal ambience for a productive meeting, a private dinner or a festive banquet.
