BALLOON TOSS

Group Size: Minimum of 4 guests

This game challenges each player's ability to throw and catch a fragile water balloon across a long distance. Attendees will be divided into groups of two and will be given a water balloon. Players will then be lined up in two lines, with partners facing each other three feet away. After each toss, each teammate must take a large step backwards. The winner will be the last team to break their balloon.

Price: \$10.00 per person

WATER DODGEBALL

Group Size: Minimum of 10 guests

Divide the attendees into two equal groups, each with their own bucket of water balloons. The play area will be defined by a Semiahmoo Referee. After the whistle blows the driest person still standing wins!

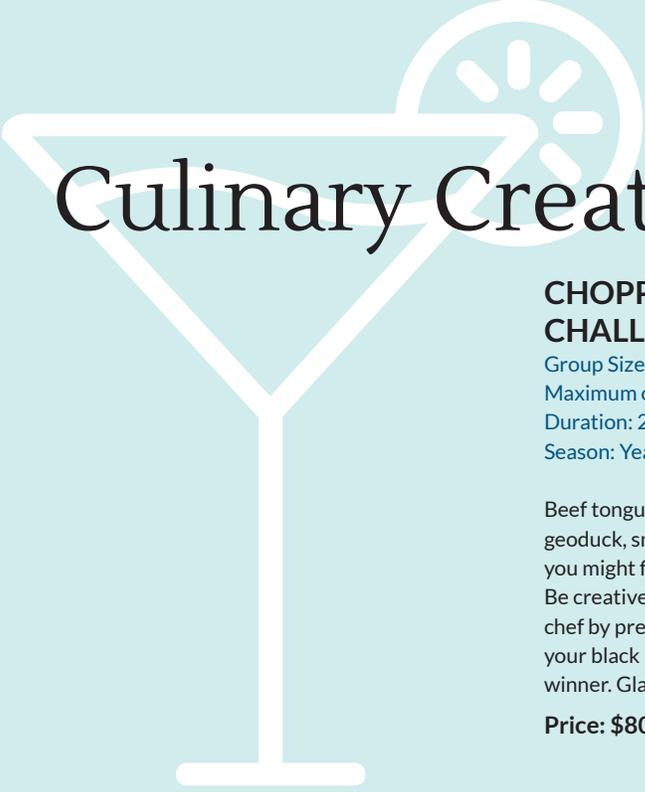

Price: \$20.00 per person

BEACH PONG

Group Size: Minimum of 4 guests

Beach Pong is generally played by teams of two, in which each team takes turns throwing a volleyball into the other team's buckets. Once a ball lands in a bucket, the bucket is taken away and the opponent then dumps the water bucket onto the team the bucket belongs to. If both teammates hit buckets, the balls are rolled back and they get to shoot again. First team to get all the buckets dumped on them loses. The winning team will then get to play again with the next team.

Price: \$25.00 per person
